ton, Indiana

THE Company holds by lease, and in fee, about twenty thousand acres of the most select coat lands in Western Iudiana, bordering both sides of the Wabash river. Maps of these lands may be seen at the office of the Company, in Covington, Ind., at the office of Wm. Dale, No. 25 Park Place, N. Y. City, at the office of Hon. J. R. Coffroth, Huntington, Indiana, and at the office of Roach & McDonald, Indianapolis. A reference to the report of the Hon. David Dale Owen, late State Geologist, will show that these lands are situate in the midst of the finest coal fields of the State, abounding also in salt, iron and other valuable

Near the mouth of Coal Creek, where the Company has large quantities of lands sait water has been discovered equal in quality to the Kanawha. This water was prohis boring he encountered that which recently dis-closed facts prove to have been coal oil Those lands all lie in close preximity to the Wabash and Rrie Canal, some of them upon its banks.

Mr. John McManomy, the business agent of the com-

pany, has returned from a tour of observation of the oil regions of Pennsylvania, convinced that the lands leased by the company, in Fountain and Parke counties, has, so far as the general formation of the country and the surface indications present themselves, a stong analogy in the oil and mineral substances as found on French Creek, Pennsylvania, where the greatest quantity and the most vainable oil is found. Mr. McManomy has purthe most vainable oil is found. Mr. McManomy has purchased for the company the most approved machinery, with all the fixtures necessary for operation, and is preparing with experienced workmen the speedy development of the hidden treasure of the lands of the company.

All the indices of coal oil, found in localities where it has been procured, are strongly marked in various localities of the lands of the Company, affording every rational prospect of success. The company thinks it unnecessary to make any other reference to the character necessary to make any other reference to the character of the lands, other than the report and map referred to \$100,000 of the stock, being 2,000 shares, is proposed by the Company to be offered in the market at one-half plications for license to retail liquors at other than the alding the Company in a speedy development of the aprus-dawti

The Latest and Most Important Discovery

OF THE

Kentucky.

His inimitable preparation of SAMSAPARIL. LA has long stood at the head of the various compounds of that valuable drug.

His Compound of WILD CHERRY has become a household word throughout the West

and South. His Worm Lozenges, in less than a year after their introduction, attained a reputation

As wide spread as the continent of North America. But the crowning glory of his life remains to be attained in his discovery, or rather combination, for he does not claim to have been the discoverer of CEDRON, which is the basis of the Bitters now effered to the public. That henor belongs to the native inhabitants of Central America, to whom its virtues have been known for more than two hundred years. Armed with it, the Indian bids deflance to the most deadly malaria and handles without fear the most venomens serpents. Itis a belief with them, that while there is breath in the body the Cedron is potent to cure, no matter what the iseas

While Dr. Bull is not prepared to enderse this extrava-gant pretension, he is nevertheless satisfied from a thorough examination of the evidence relating to its

WITHOUT A RIVAL!

And justly deserves the reputation it has so long enjoyed in Central America and the West ladles.

IN DYSPEPSIA

And its attendant train of symptoms, it acts more 'AKE diseases of the Bladder, Kidneys and Urinary Organs, either in the Male or Female, frequently performing a whole range of Materia Medica that can for a L. ment bear a comparison with it in this disease.

A series of experiments in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combination of CEDRON with other approved tonics the whole preserved in the best quality of copper dis-tilled Bourben Whisky, which he is confident has n He might furnish a volume of certificates, but the pub-He have long since learned to estimate such things by their true value. The safest plan is for every one to te for himself the virtues of a new medicine.
